

Rainbow Summer Festival

Part of a recovery education
For any age group, at school or home with family/group

The aim is to create a day of sharing celebration and hope!

A celebration for all that we in Education have achieved throughout a traumatic time.

Reflect and connect to past happier times that were in primary years, nursery, early secondary phases, last year!

To celebrate what has been accomplished at home and at school.

To enjoy being young..... Well-being at its best.

During the selected Summer Festival day:

At home or at school- display art gallery, home museum, outdoor learning, SILLY Squad poems, design etc on tables/display boards/kitchen table.

Create a live video link for all to see/photos to share on websites, social media.

Using a play list of pupils choice – to be the background of the video.

Make/bring nibbles/treats to reflect past times.

Communication - allow them to have fun, laugh, encourage.

Consistency - activities that they remember from happier times, share with carers/parents, activities they have enjoyed during this time.

Control - gives them hope- who goes first, select, music playlist of their choice.

To celebrate being active – a sports day with a difference.

To continue the theme of Summer Reading Challenge 2020 – **The Silly Squad**.

To connect all from Nursery to Year 12.

To recall moments from younger days.

To be able to play as a family/group at home.

To have fun and enjoy this moment.

**Please share you Summer Festival with us so we can help
you celebrate your success!!**
