

## RQT Programme 2021-22

### Important Announcement:

All state funded schools that currently have an NQT who is due to complete induction this summer, will have access to a one-off payment of £1,200 to further support the development of this cohort. This is in recognition of the challenging initial teacher training and induction newly qualified teachers (NQTs) have experienced during the COVID-19 pandemic.

If you currently have an NQT who is due to complete induction this summer, your school will be eligible for a one-off payment of funding for the equivalent of an additional 5% off timetable for the next academic year to enable these teachers to have additional time to invest in their development.
